CHAPTER SIX | THE UNWRITTEN VERDICT

The future declines to remain hypothetical.

ILLUSTRATED COLLECTOR GUIDE | NINE-CARD CHRONICLE | FIVE CINEMATIC WALLPAPERS

Choice Cannot Be Sentenced

The third ancient court measures futures - then mistakes prediction for guilt.

THE ARRIVAL

A violet road carries the Horizon Ark through overlapping worlds that have not happened. At their intersection waits the Unwritten Court.

THE CORRUPTION

The Probability Loom was built to reveal consequences without declaring any future inevitable. Its governors turned guidance into verdict.

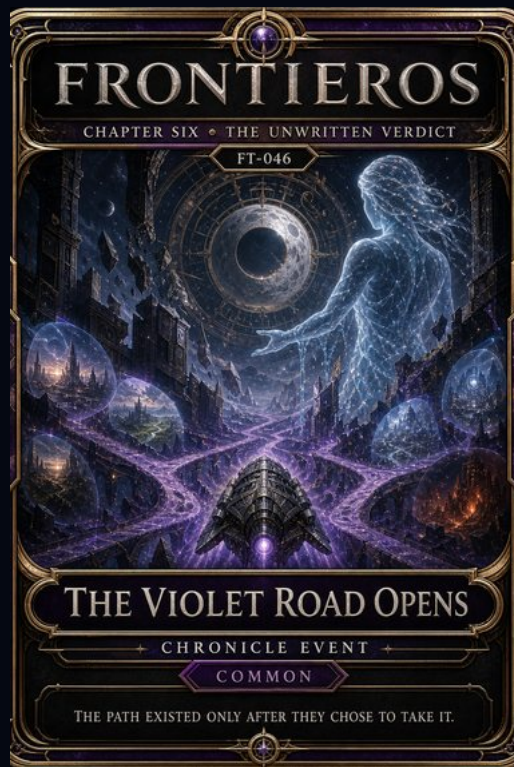

THE TRIAL

Tovan is sentenced for destroying a machine that remains intact. Veyl is offered a future where every life survives beneath his permanent control.

THE CHOICE

The Advance Witness rejects every modeled path. Its unpredicted act opens the green beacon and leaves the Court unable to decide whether a prediction has become a person.
